

- Practical adjustment with rotating mechanical support plates.
- End milling of 1 to 6 profiles.
- Easy and safe cutter change as it is pneumatical and has special lock system.

- Front sections to store the cutters.

- Side press pistons to provide end milling at setsquare.
- End milling of 6 profiles at the same time.
- Thanks to screwed shaft system the speed is adjusted electronically to provide high quality products.

General Features

- End milling of PVC profiles.
- Practical cutter progress speed adjustment thanks to screwed shaft system.
- Safe operation with safety cover.
- Electronical speed adjustment prevents profiles breakage while processing.
- Support arms in front of the machine to provide stable end milling of profiles up to 2.5 meters.

Optional Equipments

- End Milling Cutters
